HIGH PERFORMANCE LIGHTING

ST4 Evolution

The ST4 Evolution is a hugely versatile LED spotlight the size of which has proved particularly popular within the road tuning, pick-up truck and 4x4 markets. At 204mm length, the ST4 delivers incredible lighting performance which belies its diminutive size. Upgraded high-density 11W LEDs are carefully selected for their high 'bin' rating, and deliver 4,136 lumens, harnessed into a 'Drive' beam pattern optimised for lower speed applications where the priority is for good all-round visibility, albeit still with enviable distance illumination – 1 lux is achieved at 278m.
